

Gingerbread Heart Tutorial

1. • Two pieces of felt
• A bit of bobbin with the outline color filled
• One piece of 3mm foam

2. • Hoop 3 or 4 layers of TEAR away backing.

3. • Fix one piece of felt on top with some tape.

4. • Hit start and wait until the machine stops. Change the bobbin for the color one.

5. • Fix the last piece of felt on bottom with some tape.

6. • Put into machine again and hit start. It will sew the cutline and stop after so you can cut.

7. • Remove from machine, cut top and bottom felt.

8. • Insert in to machine again and put the foam piece on top, hit start and let it finish.

Final Result once it is complete.
